FEATURES :

For Interior Use

Water-based & Eco-friendly

Low VOC & Odour

Easy Maintenance

Formaldehyde & Lead Free

PACKING DATA :

1 L + 1 L + 0.5 L
Primer Texture Coat Topcoat
(Optional)

COVERAGE : 6-7 M²

PREPARATION GUIDELINES :

- **Surface Cleaning :** Before application, ensure that the surface is completely dry and free from dirt, oil, grease, and other contaminants.
- **Surface Repair :** Address any cracks or imperfections in the substrate with a suitable cement filler. This step should be completed before proceeding with the coating application.

Colours in print and on-screen may vary from actual samples due to printing processes and variations in computer display resolutions. Please refer to physical samples for accurate representation.

CEMCRETE

Interior Use - Matte Finish

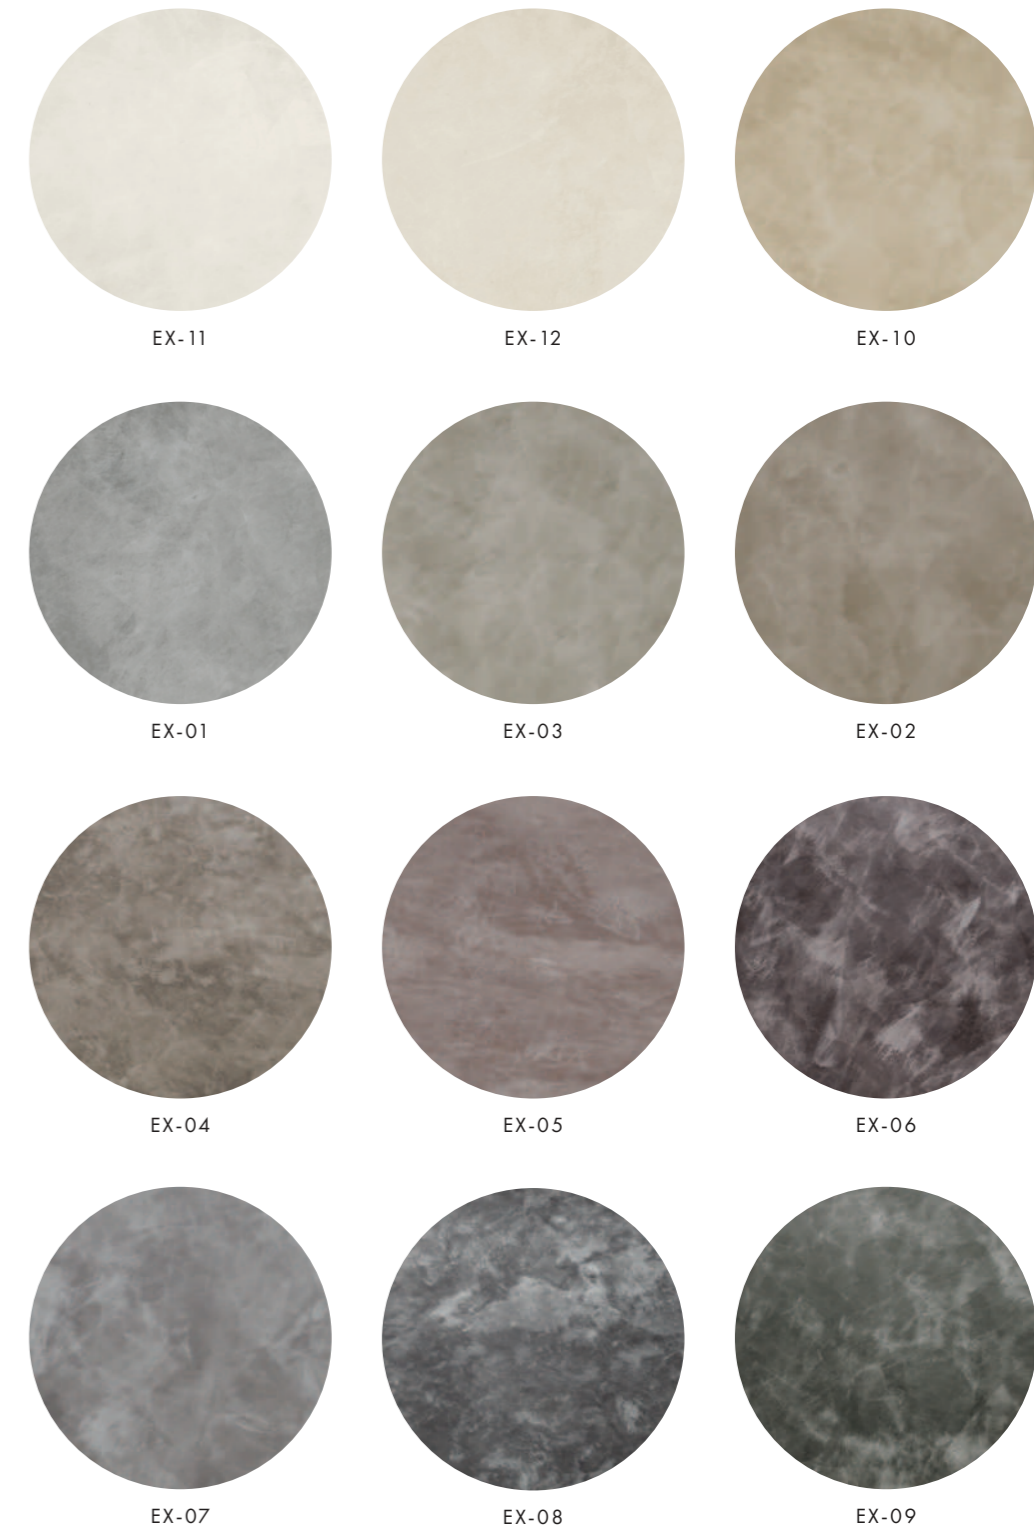

Cemcrete has a distinct, coarse texture that replicates the look and feel of natural cement. The finish can vary from smooth and subtle to heavily textured, depending on the application technique and the desired effect. The color typically ranges from shades of grey—reminiscent of concrete.

EXOCRETE

Exterior Use - Semi Matte Finish

Exocrete is cement-tone textured paint gives exterior surfaces a raw, natural look that mimics the appearance of real concrete or cement. The colors are typically in the gray spectrum—ranging from light, almost white shades to deep, charcoal grays—though warmer taupes and earthy tones are also available.
