**FEATURES :****PACKING DATA :**

1 L + 1 L  
Primer Texture Coat

**COVERAGE :** 3-4 M<sup>2</sup>**PREPARATION GUIDELINES :**

- **Surface Cleaning :** Before application, ensure that the surface is completely dry and free from dirt, oil, grease, and other contaminants.
- **Surface Repair :** Address any cracks or imperfections in the substrate with a suitable cement filler. This step should be completed before proceeding with the coating application.

Colours in print and on-screen may vary from actual samples due to printing processes and variations in computer display resolutions. Please refer to physical samples for accurate representation.

Lazuli offers a unique interplay of texture and light with fine reflective metallic particles. It creates a linear pattern in sparkling effect that adds depth and movement to the surface.

# LAZULI

Interior Use - Metallic Finish

# LUMINA

Interior Use - Metallic Finish

Lumina create a soft, radiant glow on texture. The luminous effect and swirling textures create a sense of flow and catching light on the wall surface.
